One Man - One Vote

CONFERENCE EXPLORES ISSUE

The Mattapoisett School Committee, the Old Rochester School Committee members from Mattapoisett, Mr. Charles B. Dunn representing V.O.T.E.R.; Mr. Joseph Travis, Finance Committee chairman; and interested citizens met with the Mattapoisett Board of Selectmen on Thursday evening for a discussion of the issue of representation on the O.R.R. school committee to conform with the Supreme Court decision according to the one man-one vote principle.

Chairman R. William Blasdale of the Board of Selectmen asked that his Board be informed as to the intentions of the O.R.R. Committee and their present plans of action. Mr. Blasdale read a memo from ORR representative George White who stated he was unable to attend because of a previous commitment.

Mr. William Wood, ORR member, explained to the Board of Selectmen that it was a consensus of the members of V.O.T.E.R. that the meeting with the Board of Selectmen be initiated. He said that 390 signatures had been gathered on petitions in hand and another 17 signatures existed on one still in circulation so that a total of 407 signatures had been gathered to be validated. The petition calls for a 10-member committee based on population. Each member would represent 10% of the total population of the member towns with the population of each individual town the basis for the proportion of its members (not less than two).

Ray Cardoza

State Representative - 7th Plymouth District
Carver, Marion, Mattapoisett & Wareham
Election Nov. 2nd

POLITICS CAN BE HONEST
RAY CARDOZA HAS PROVED IT!

The Cape Cod Independent doesn't go around dumping its endorsements on just anybody. We, once before, endorsed a political candidate and he won! That man's name was Gerry Studds. Seems like almost everybody endorses him today. One day you will see the same thing for Raymond Cardoza of Wareham. He is a politician of the same ilk...(or breed). Ray believes strongly in a close relationship with his constituents. How else can a man purport to serve his people...unless he knows them and unless they know him? If you are a Democrat....or if you are a registered Independent, we urge you to consider the candidacy of Ray Cardoza for State Representative. Even if you are a Republican....consider Ray's candidacy, for here is a man who can transcend party politics to get the work done for his District and for his constituents.

These population totals to be gathered every 5 years-no single town to exceed a 2/3 vote on the committee. The make up of the members to be in the proportion of elected one year member, elected three year member and one appointee from the local school committee Mr. Charles Dunn, representing V.O.T.E.R., explained that his group will not formally present these signed petitions until it is determined whether the town has other business requiring a town meeting. He said that V.O.T.E.R. does intend presentation within a short period of time.

Chairman Blasdale asked that the Board be informed of the philosophy leading to the proposed change which is contrary to the original agreement. Not being familiar with the steps leading to the present make-up of the O.R.R. board he asked to be informed of why it was set up in the present 3 members from each town manner.

Mr. Dunn replied that the population today is substantially different from that at the time of the region's formation. He said, however, that even then there was a difference which led to a compromise which many considered unnecessary at that time and continue to do so. At present, he explained, the population difference has widened. Mrs. Dorothea Pierce, a member of the ORR board, said that "taxation

with representation" was the reason leading to the proposed change and she said that is complete motivation. Mr. Wood agreed and stated that Mattapoisett, while paying in excess of 50% of the region's budget, is represented by 3 members for 5400 population (approximate figures today). He stated that Rochester has approximately 2200 population and Marion approximately 3700 and each has 3 members. (1971 state figures put Marion at 3707, Rochester at 1847 and Mattapoisett at 4965). Mr. Dunn stated that the one man-one vote concept had not been tested in the courts 20 years ago when the region was set up but that now the legal point is clear and so today such compromises that exist in the region's representation would not be allowed according to the law of the land.

Selectman William Hubbard pointed out that soon the shoe might be on the other foot. He stated that, with the sub-division now proceeding in Rochester, that town might soon be in the majority. In that case

he did not see how Mattapoisett would gain anything. Mr. Dunn replied that this is the very point, that any town of the region which shifts in population to the majority should be represented accordingly. "This is the only permanent solution", he said.

It was brought out in the discussion that pressure from the state is for the regionalization of grades K through 12. Senator George Rogers opposed compulsory regionalization in this year's session of the General Court and the bill was defeated. However, information from the Massachusetts Board of Education forecasts total regionalization before 1979. Mrs. Pierce stated the general belief that the state will force total regionalization within the next 2 years. She said most towns reach a gentlemen's agreement on the one man-one vote issue and gave Dennis-Yarmouth as an example.

There was a general consensus and hope that the ORR Committee could come to an amicable agreement without resorting to court action and direction.

Mr. Dunn said that his group working with and through the O.R.R. representatives has tried since early July to have the amendment discussed. He said that he feels that the Regional School Committee is ignoring the advice of their own counsel on this issue. *

Chairman Blasdale asked the O.R.R. School Committee members, "What do you recommend short of court action?" Mr. Wood replied, "We are willing to try anything."

The Selectmen agreed that the first necessary step would be to get everyone involved

On October 8th we requested a copy of the Old Rochester Regional minutes of the July Executive Session in which the attorney for the District advised concerning the one man-one vote law. It concerns the application of Federal law to the local situation and important facts for the public of all 3 towns to consider.

We are advised by Dr. Joseph Kunces, Superintendent of Schools, that he has been instructed by Old Rochester Regional School Committee Chairman Barbara Macy to withhold these minutes until the committee has voted the question.

We request that this information be revealed at the earliest time, that the chairman or the majority of her committee members deem it wise that the public be privileged to it.

The hearing was attended by abuttors, neighbors and others interested who voiced objection on the grounds of lack of space, hazard due to a dangerous curve, sharp right hand turn into the Mandeville yard and narrow frontage with insufficient setback. Mr. Mandeville countered these objections with the statement that he has planty of space to properly run a used car business. Purnell Guard, proprietor of Joe's Arco Station, said that the number of used car dealers in town is sufficient now. He said that there is no commercial curb cut to the business which means that a car must come to a complete stop on the curve in order to

Blasdale replied to a Mandeville inquiry of September 29 concerning the making of utility trailers from beds cut from pick-up trucks. The Board of Selectmen sought an opinion from Town Counsel Donald Fleming which Mr. Blasdale read to the Mandevilles. The Town Counsel found that the General Business District does not authorize the conversion of truck beds to trailers. He said that this activity is prohibited and advised the Selectmen to issue a cease and desist order. He officially informed Mr. Mandeville to stop this work. He said the Board of Selectmen will study the license application and consult with Town Counsel before a decision is made.

Massachusetts has the toughest gun control laws in the U.S.

No person may carry a firearm, rifle, or shotgun unless he has obtained a license from the local police authority after a complete and thorough background check to determine the applicant's suitability. The license calls for information including name, address, date of birth, place of birth, race, height, weight, color of eyes, etc. This in itself is a registering of people. In addition, the applicant is fingerprinted and photographed. An applicant is unequivocally denied a license to carry firearms if:

1) he is an alien,
2) he has been committed to a mental institution,
3) he is a convicted felon (even non-violent felonies are included);
4) he is less than 18 years old, or
5) the police authorities, in their discretion, feel that the applicant should not have a firearm.

All firearms are registered upon sale by make, model, and serial number. At the same time, the buyer and seller are recorded on state and federal forms.

Question 5 will take guns away from the wrong people.

ELECT
CHARLES N. DECAS
BETTER QUALIFIED
AS OUR NEXT STATE REPRESENTATIVE

7TH PLYMOUTH DISTRICT

(CARVER, MARION, MATTAPOISETT, WAREHAM)

Charlie Decas WILL Take a Stand on The Issues

GRADUATED INCOME TAX

"I am against passage of a graduated income tax. The present Massachusetts income tax, with its exemption structure, is geared to tax relief for low and moderate income taxpayers."

RETURN OF LOTTERY FUNDS TO CITIES AND TOWNS

"I will support a bill which will return lottery funds, as originally promised by the Legislature, to the cities and towns."

GUN CONTROL

"I am against any further Gun Control; existing laws, if enforced, will restrict illegal usage of handguns."

TAX RELIEF PROGRAM FOR ELDERLY

"I will support the so-called 'Property Tax Circuit Breaker Program' for the elderly. This program will allow our elderly citizens, at a time of increasing property taxes, to own their homes by setting the property tax as a percentage of household income. When the local property tax exceeds a set percent of household income, then the elderly homeowner would be reimbursed by the state for the excess of the property taxes over the set ratio."

PENAL REFORM

"The furlough program needs to be tightened and further restructured. I would also support a bill instituting Capital Punishment for first degree murder, if victim was in performance of a law enforcement duty, or in connection with rape, hijacking and armed robbery."

WHY SHOULD CHARLIE DECAS BE ELECTED?

"I know of no better way for the voters in 1976 to decide who is better qualified to represent them than by a candidate telling them where he stands on the issues."

Someone has to Make it Happen!

CHARLIE DECAS CAN AND WILL AS OUR NEXT REPRESENTATIVE.

Historical Markers

ADDITIONAL HISTORICAL MARKERS

The Mattapoisett Historical Commission has placed three more historical markers in the town. They are the Friends Meeting-House on Route 6, the home of Mr. and Mrs. Kenneth Wood on Main Street and the home of Mr. and Mrs. David Moore on Mechanic Street.

The Friends Meeting-House was erected in 1827. The History of the Friends or "Quakers" in Mattapoisett may be found in "Mattapoisett and Old Rochester" beginning on Page 275.

The home of Mr. and Mrs. Wood has been in Mrs. Wood's family since it was built by James Cannon in 1851. Mrs. Wood has possession of the original deed which verified the date. The Cannons were famous for their shipyards in Mattapoisett and especially well-known for their fine craftsmanship as ships' carpenters. You may read about the Cannons in "Shipbuilders of Mattapoisett" and also in "Mattapoisett and Old Rochester".

The home of Mr. and Mrs. Moore was built by Captain Philip Atsatt in 1795. Perhaps a coastal schooner captain, he owned his own ship chandlery shop at the age of 25. Originally the house was situated exactly opposite the present site on the east side of North Street. The first singing school in Mattapoisett was held in the parlor of the home. Mr. Philip Atsatt is mentioned in "Mattapoisett and Old Rochester" and reference to a meeting in his home is found on Page 262.

The JV volleyball team also won their games against the same two teams.

The Cross Country team defeated Tabor 25 to 30 and lost their first match in seven outings to Diman Voke 21 to 38. In Cross Country the lower score wins. Jimmy Wingate finished first in both meets while Steve Magee finished third vs. Tabor, Nat Sawyer sixth against Tabor, Bill Cattley seventh and sixth, Craig DeLuca eighth vs. Tabor, Steve Labbe ninth and eighth, and Mike Fay tenth in the Tabor meet.

All in all it was a very good week for these ORR teams and we all hope to see many more weeks like this one in the future.

Commended students scored below the level required for the 15,000 Semifinalists who will continue in the Merit Scholarship competition, their test performance indicates exceptional academic promise.

Edward C. Smith, president of NMSC, said: "The high standing of Commended students in the Merit Program shows their great promise, and their attainment in this nationwide competition deserves public recognition. Commended students should be encouraged to continue their education; our nation as well as the students will benefit from their further educational and personal development."

To increase their opportunities for college, NMSC makes it possible for regionally accredited U. S. colleges to obtain, on a cost basis, the home addresses of Commended students.

SEMIFINALIST IN SCHOLARSHIP PROGRAM

Old Rochester Regional High School has been notified that James C. McPhetridge is one of the 15,000 Semifinalists in the 1977 National Merit Scholarship Program. Over 1 million students from more than 17,000 high schools entered the program by taking the 1975 Preliminary Scholastic Aptitude Test/ National Merit Scholarship Qualifying Test (PSAT/NMSQT). Semifinalists are the highest scoring students in each state and represent the top half of one percent of the nation's most academically talented young people.

To advance to finalist standing, semifinalists must meet requirements that include being fully endorsed and recommended for scholarship consideration by their secondary school principals, presenting school records that substantiate high academic standing, and confirming their high qualifying test scores with equivalent scores on a second examination. Over 90 percent of the semifinalists are expected to qualify as finalists and to receive Certificates of Merit next February.

Semifinalists who attain finalist status will compete for at least 1,000 National Merit $1000 Scholarships. Each one will compete with all other finalists in a particular state for these scholarships that are allocated on a state representational basis.

The 1977 competition is the twenty-second conducted by NMSC. In the twenty-one annual Merit Programs completed between 1956 and 1976, over 45,800 students have won Merit Scholarships valued at more than $124 million.
